

## 标线清除机械综述 A Brief Introduction to Removers

During road marking construction, old and wrong markings needed to be removed commonly. Different paint types and different aging of same kind of paints and even requirements of different places will had different requirements of road marking machines. On the base of learning all kinds of marking construction and absorbing experience of remover manufacturing from abroad, we developed a series of marking removers with independent intellectual property rights.

在道路标线施工中，经常会遇到旧标线及错划的标线等需要清除的现象，不同的涂料类型及同种类的涂料不同的老化程度乃至各地不同的标线的作业要求会有不同的标线机械需求。我公司科研人员在深入了解各种类型的标线施工情况及广泛吸收国内外清除
